

Oliver Wing

Ante-pre-school

Our Ante-Pre-School Nursery caters for children aged 3-4 years. It provides a warm, safe, comfortable and stimulating environment for the children in our care.

Our Ante-Pre-School curriculum follows the Scottish Executive's "Curriculum Framework for Children 3 to 5". This is delivered to the children through a play approach. "Play is a child's work". The children have opportunities to take part in a wide range of interesting and stimulating activities which allow them to explore and experiment with the world around them, encouraging physical, emotional, social and intellectual and language development

A range of healthy and nutritional snacks and lunches are offered daily in the nursery and in our school dining room. We encourage the children to try a variety of food and meal times provide excellent opportunities for socialising and promoting healthy eating. Outside play is an important part of the curriculum; the children can enjoy fresh air within a safe and secure garden and playground area. Trips are organised to explore our local community.

We have weekly input from our Music specialist. Music and Drama sessions are part of our regular nursery setting.

Our staff, who are professional and experienced, have a friendly and fun-based approach. They take pride in the relationships they build with the children in their care and their parents. We acknowledge that you are leaving the most precious possession you have - your child - with us and we ensure that each child is nurtured and his or her individual needs are catered for.

Staff will always be available to answer any questions you may have about curriculum matters. The children's progress and development are monitored closely by staff and this information is shared with parents through parents' evenings and reports.

Our Ante-Pre-School undergoes annual inspections by the Care Commission and always receives a very positive report. One recent report said:

"Staff were praised for their friendliness and approachability, the support and advice they offered and for providing a service the children clearly enjoyed."

On a final note it is worth mentioning that we work in partnership with Aberdeen City Council and we are pleased to provide funded sessions for 3 and 4 year olds. Please speak to the Nursery staff for further information.
